INTERESTS | OTHER INFORMATION

Technical Background:

- Recently graduated in web development.
- Technology enthusiast, ex in Raspberry Pi and computer hardware.
- Motivated to learn new skills and take on challenges.

Ongoing:

- Developing an improved version of Blog Beat under the name Corner, with a focus on more features and enhanced user experience, while deepening my knowledge and skills as a developer.
- Voluntarily helping Code Institute students with troubleshooting and problem-solving via Slack, primarily to stay active and develop further.
